B.S. Electrical Engineering

The Cooper Union

2009 – 2013 ♦ NYC, NY

Objective

Software Developer with a keen eye for detail, seeking to add value to your company

Experience

One Rockwell

Software Developer

Feb 2020 – Present

- ➔ Maintain code for a diverse array of e-commerce websites on various platforms including Shopify / Wordpress
- ➔ Implement responsive, pixel-perfect web pages from Sketch / Figma designs
- ➔ Collaborate and communicate with engineers, designers, clients, and third-parties to ship new features / integrations, and troubleshoot issues
- ➔ Efficiently audit and transition existing codebases from new clients for managed services
- ➔ Modernize internal development workflow and tooling for building Shopify themes
- ➔ Evaluate the potential of headless solutions for future e-commerce development
- ➔ Leverage knowledge in Shopify, JavaScript, HTML, CSS/Sass, Vue, jQuery, Wordpress, Git

Etomon

Front End Developer

Oct 2019 – Feb 2020

- ➔ Translate Figma UI/UX designs into responsive web pages for desktop and mobile devices
- ➔ Write integration tests to effectively cover different scenarios and confirm system functionality
- ➔ Leverage knowledge in Node, EJS, Puppeteer

Front End Intern

Apr 2019 - Oct 2019

- ➔ Worked with developers and designers to implement new features and improve product usability
